

## Approved Sources

CBOL is dedicated to providing its customers with the highest quality parts sourced from approved vendors. We supply an extensive line of hardware parts to over 100 leading aerospace, military and commercial manufacturers and OEMs located in over 40 countries worldwide.

## Wide Variety

CBOL can source an extremely wide variety of hardware parts including self-locking fasteners, aircraft fasteners, hi-shear products, rivets, pins, collars, inserts and related tooling from top quality manufacturers. We are a leading supplier to GE OEMs for engine fasteners for the J85, J79, F110, LM2500, CF34, CT7 and F-404-GE-102 engines.

## Value-Added

Our value-added services ensure that you receive products that meet your specifications and delivery timetable. CBOL's trained staff of quality engineers verifies that all parts are thoroughly inspected prior to shipping. We help you to balance your inventory and reduce cost by maintaining an extensive J.I.T. stock list of bolts, rivets, washers, bushings, gang channels, screws, nuts, pins, bearings, clamps, fittings, specialty turbine engine components and seals supporting the required specifications including AN, AS, ASNA, BAC, DIN, EN, LN, MS, NAS, NASM and NSA.

We provide kitting and export packaging for all modes of international shipment, conforming to all international shipping standards including the NPQO treatment spec for wooden crates. With Just-In-Time delivery, export licensing service and Long Term Agreement, we are ready to design a supply package that meets your needs and reduces your overall product cost.

## Certified Quality

CBOL's network of approved sources brings you diversity in design, a wide selection of hardware parts, critical tolerances and high strength, resulting in high quality products. Every hardware product is manufactured to meet U.S. and international standards for quality, reliability, durability and traceability. All our suppliers operate under ISO 9001 guidelines.

### Product Lines

Acra Aerospace	Helicoil
Aerospace Eng.	Hi-Shear
Aeroquip	Huck International
Air Industries	Mecair
Airdrome	Moeller Mfr.
Alcoa Fasteners	Monadnock / LISI
Allfast	M&M Mfr.
Allpower Mfr.	MS Aerospace
Anillo	Nelson Aerospace
Berkshire	Parker Composite /
BCD Metal Products	Sealing System
Blue Sky Mfr.	PB Fasteners
Bristol	Republic Fastners
California Screw	SPS Technologies
Camloc	Tomco Machining
Carlson Formatec	Tube Specialties
Cherry / Textron	Umpco Clamps
Crane Resistoflex Co.	Sky Manufacturing
Dowels	Sterling Machine
FIT	Van Petty Mfr.
Groove Pin	Valley-Todeco
GS Precision	and much more...

### Engine Specialty Parts

CBOL is a leading supplier to GE OEMs for engine fasteners including, the J85, J79, F110, LM2500, CF34, CT7 and F404-GE-102 engines.

CBOL provides the following procedures to ensure that quality standards are met per GE & GE OEM requirements:

- 1) GEAE-approved laboratory testing (chemical, physical, tensile strength)
- 2) Final inspection report per specified drawing requirements.
- 3) Packing and shipping with complete traceability.
- 4) S-1000 Quality documentation inspection.
- 5) Provide parts per latest drawing.

### Capability and Experience

CBOL Corporation is a U.S.-based full service provider supplying high quality products, engineering services and business consulting to its international customers in the automotive, aerospace, defense and electronics industries. CBOL offers its customers a one-stop source for a wide range of approved materials and parts.

### Value-Added Service

CBOL coordinates the logistics for all ocean, air and ground transportation. We provide efficient export packaging including HazMat packing and shipping, IATA documentation, kitting and LTA/JIT/AOG, as well as required export licenses. Our buying power allows us to achieve lower freight costs by consolidating shipping containers.

### Certified Quality

CBOL supplies products produced by approved sources that are certified to meet all U.S. and international standards for manufacturing and quality control.
