Hardware

CBOL is dedicated to providing our customers with the highest quality parts sourced from a wide variety of approved U.S. vendors. We supply an extensive line of hardware parts to over 100 leading aerospace, military and commercial manufacturers, and OEMs, located worldwide.

Wide Variety

CBOL can source an extremely wide variety of hardware parts including **self-locking fasteners, aircraft fasteners, hi-shear products, rivets, pins, collars, inserts** and **related tooling** from top quality manufacturers. We help you to balance your inventory and reduce cost by maintaining an extensive JIT stock list of **bolts, rivets, washers, bushings, gang channels, screws, nuts, pins, bearings, clamps, fittings, specialty turbine engine components** and **seals**, supporting the required specifications including AN, AS, ASNA, BAC, DIN, EN, LN, MS, NAS, NASM and NSA. We are a leading supplier to GE OEMs for engine fasteners for the J85, J79, F110, LM2500, CF34, CT7 and F-404-GE-102 engines.

Hardware Components

Value-Added

CBOL coordinates the logistics for all ocean, air and ground transportation. We offer technical, business, and consulting support for companies operating in the rapidly changing international marketplace. We provide efficient export packaging including Hazmat packing and shipping, IPPC/HT treatment specifications for wooden crates, IATA documentation, kitting, LTA/JIT/AOG, as well as required export licenses. Our buying power allows us to achieve lower freight costs by consolidating shipping containers.

Certified Quality

CBOL supplies products produced by approved sources that are certified to meet all U.S. and international standards for manufacturing and quality control. CBOL's network of approved sources brings you a wide selection of hardware products, which are delivered when and where you need them. Our suppliers operate under ISO 9001 guidelines.
