Metals

CBOL is able to supply a wide variety of plate, sheet, and coil metals, as well as round, square, and hex bar stock from approved U.S. sources. We bring over 15 years of experience as an aircraft quality metals distributor. Our close relationships with mills throughout the U.S. allow us to be extremely competitive regardless of the size and location of the requirement.

Variety of Materials and Processes

CBOL's wide range of products and sources ensures that we can satisfy the ever-evolving metals market. We supply an array of materials, including **aluminum, stainless steel, titanium, nickel alloys, copper, bronze, brass, specialty steels** and more. In addition to the many types and grades of metals, we can also source **structural, custom shapes** such as **angles and channels** and **laminated shims**. CBOL specializes in hard to find sizes and shapes.

Extruded Metals

CBOL also provides services that make it a one-stop shop for metals processes serving the aerospace, automotive, and industrial industries. Our capabilities include several types of **shearing and precision cutting, heat-treating, grinding, slitting and leveling**. Our materials and processes will meet the most exacting requirements.

Value-Added

CBOL coordinates the logistics for all ocean, air and ground transportation. We also offer technical, business, and consulting support for companies operating in the rapidly changing international marketplace. We provide efficient export packaging including Hazmat packing and shipping, IPPC/HT treatment specifications for wooden crates, IATA documentation, kitting, LTA/JIT/AOG, as well as required export license. Our buying power allows us to achieve lower freight costs by consolidating shipping containers.

Certified Quality

CBOL supplies products produced by approved sources that are certified to meet all U.S. and international standards for manufacturing and quality control. Our network of approved sources brings you diversity in design, a wide selection of alloys, critical dimensions, which are delivered when and where you need them. Our suppliers operate under ISO 9001 guidelines.

Product Lines

Aluminum

1100, 2024, 3003, 5052, 6061, 7075

Stainless Steel

15-5PH, 17-4PH, H1150, 13-8®, 13-3, 303, 304, 316, 321, 416SU

Titanium

CP GR 1,2,3, 6AL-4V-GR.5, 0.20pd-GRADE 7, 3AL, ELI, CP90

Copper

CDA 110, 145, S875, T590, TF00, C11000, 17510, 10100

Bronze

SAE660, 642, 675, 954, CDA630 DYNALLOY®, 630, 954

Nickel Alloy

METCO®, A286®, INCONEL®, HASTELLOY®, RENE®, MONEL®

Aircraft Alloy

4130, 4140, 4340, D6AC VM, 4330M VAR

Brass

CDA 260, 360, 464

Specialty Steel

M4, M6 (electric oriented)

Processing

Shearing • Leveling
Precision Sawing • Slitting
Grinding • Chem Milling

Plate Steel
